MAC-TECH ENGINEERING SDN BHD (0156877-M)

MAC-TECH MAINTENANCE SDN BHD (0623852-W)

(A SUBSIDIARY OF MAC-TECH ENGINEERING SDN BHD)

ABOUT MAC-TECH ENGINEERING

Founded on 17th October 1986, Mac-Tech Engineering has established itself as a trusted leader with over 35 years of expertise in delivering high-quality domestic and industrial water pump solutions. We specialize in providing a wide range of systems for air conditioning, fire protection, and cold and hot water applications, ensuring reliable and efficient performance for every project.

We pride ourselves on our commitment to quality and customer satisfaction. As such, we have a dedicated team focused on ensuring optimal pump performance, offering comprehensive backup services and technical assistance. At Mac-Tech Engineering, we provide expert guidance throughout all project phases, ensuring that our clients receive tailored solutions for their needs.

In addition, our subsidiary, Mac-Tech Maintenance, is devoted to the maintenance and servicing of all pumps sold, ensuring the longevity and efficiency of every system. With a reputation for excellence and a customer-first approach, Mac-Tech Engineering remains the go-to partner for reliable and innovative pump system solutions.

OUR COMMITMENT

MISSION STATEMENT

To deliver high-quality and reliable water pumping solutions that enhance efficiency, sustainability and accessibility across various industries. We are committed to delivering superior products, expert support, and innovative technologies ensuring that every community benefits from a safer and more comfortable environment.

VISION STATEMENT

To be a leading provider of water pumping technologies, recognized for our commitment to safety, innovation and customer satisfaction. We envision a world where advanced water pump technologies plays a vital role in enhancing emergency response capabilities, environmental responsibility and enhance operational performance in every building.

OUR CORE VALUES

We are committed to delivering reliable solutions that meet the highest standards, ensuring long-term satisfaction for our clients. Transparency and ethical business practices guide every decision we make, fostering trust with our customers and partners. Through continuous innovation and adaptability, we strive to stay at the forefront of the industry, always improving our offerings to meet the evolving needs of the market.

Technical Sharing Event - Fire Protection System Symposium 2024 (Hosted by Mac-Tech Engineering Sdn Bhd)

The Fire Protection System Symposium was officially recognized by the Board of Engineers Malaysia (BEM) and the Institution of Engineers Malaysia (IEM) as a Continuing Professional Development (CPD) session. Through engaging presentations and insightful discussions, industry experts, engineers, and stakeholders had the opportunity to collaborate and share their expertise on this year's theme: the complexities of NFPA 20 standards and their practical applications.

As a leader in the fire protection systems industry in Malaysia, Mac-Tech Engineering Sdn Bhd remains committed to driving progress and innovation in the field. We extend our sincere gratitude to our esteemed partners and look forward to hosting our next symposium, continuing our shared journey toward excellence.
